Tillatelse til å utarbeide årsberetning og årsregnskap på engelsk språk

Vi viser til deres brev av 7. mai 2019 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for følgende selskaper:

DigiPlex Norway Holding 1 AS	org.nr. 922 393 265
DigiPlex Norway Holding 2 AS	org.nr. 922 393 257

Skattedirektoratet gir på bakgrunn av en konkret helhetsvurdering selskapene nevnt ovenfor dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen gjelder så lenge opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Fra søknaden gjengis:

Begge selskaper er holdingselskaper med formål om å konsolidere de underliggende driftsselskapene.

DigiPlex Norway Holding 2 AS (DNH2), som er heleid av DigiPlex Norway Holding 1 AS, inngår DigiPlex Norway AS, DigiPlex Rosenholm AS og DigiPlex Fet AS. For samtlige av disse selskapene utarbeides det årsregnskap og årsberetning på engelsk allerede.

DigiPlex Norway Holding 1 AS (DNH1) er holding for DigiPlex Holding 2 AS, DigiPlex Fet 2 AS og DigiPlex Holtskogen AS som er under etablering i disse dager. Selskapet er heleid av de amerikanske selskapene DigiPlex Norway LLC, DigiPlex Rosenholm LLC og DigiPlex Fet LLC. Selskapenes styreleder og styremedlemmer er engelskspråklige og selskapene opererer i en internasjonal bransje med engelsk som arbeidsspråk. Regnskapsinformasjon internt i selskapet utarbeides også på engelsk.

Det vises til at det er allerede gitt dispensasjon til selskapene DigiPlex Fet AS, DigiPlex Rosenholm AS, DigiPlex Norway AS og DigiPlex Fet 2 AS.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal *"årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."*

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut speulasjonsgevinster med basis i skjevt fordelt informasjon."

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *"informative regnskaper for ulike grupper av regnskapsbrukere"*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Som nevnt ovenfor er det særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt vekt på at selskapene er del av et utenlandsk konsern. Eierkretsen er begrenset. I tillegg opererer selskapene i en internasjonal bransje, og arbeidsspråket er engelsk. Videre er det vektlagt at alle sentrale aktører og samarbeidspartnere innen denne bransjen behersker og benytter engelsk.

Independent Auditor's Report

Opinion

We have audited the financial statements of Infrastructure Nordics 4 AS (the Company), which comprise the balance sheet as at 31 December 2025, the profit and loss statement, statement of comprehensive income/(loss), statement of changes in equity and statement of cash flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements comply with applicable statutory requirements, and the financial statements give a true and fair view of the financial position of the Company as at 31 December 2025, and its financial performance and its cash flows for the year then ended in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors (management) is responsible for the information in the Board of Directors' report. The other information comprises information in the annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with simplified application of International Accounting Standards according to the Norwegian Accounting Act section 3-9, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic

decisions of users taken on the basis of these financial statements. For further description of Auditor's Responsibilities for the Audit of the Financial Statements reference is made to: <https://revisorforeningen.no/revisionsberetninger>.

Notes to the Financial Statement

Note 1 - General information

The financial statements have been prepared on a going concern basis.

The Group has undergone a restructuring process resulting in changes to the Company's ownership interests in its subsidiaries. New subsidiaries have been established, each with their own respective sub-subsidiaries organized by country. A complete overview of the Group structure is presented in the consolidated financial statements.

The financial statements have been prepared in accordance with the Accounting Act § 3-9 and Regulations on simplified application of international accounting standards laid down by the Ministry of Finance on 7 February 2022. This mainly means that recognition and measurement follow international accounting standards (IFRS) and presentation and note information are in accordance with Norwegian accounting law and good accounting practice. Group contributions are accounted for in accordance with simplified IFRS. Group contributions are recognised in the financial year to which they relate, provided that the contribution is expected to be approved by the general meeting. The related tax effects are recognised in the same period as the group contribution.

The financial statements of Infrastructure I Norway AS for the year ended 31 December 2025 were authorised for issue by the Board of Directors. The financial statements will be approved by the shareholders meeting. The financial statements are presented in thousand Norwegian Kroner (NOK '000).

The financial statements have been prepared on a going concern basis.

Note 2 - Summary of significant accounting principles

Subsidiaries

Subsidiaries are valued at cost in the company accounts. The investment is valued as cost of the shares in the subsidiary, less any impairment losses. An impairment loss is recognised if the impairment is not considered temporary, in accordance with generally accepted accounting principles. Impairment losses are reversed if the reason for the impairment loss disappears in a later period.

Classification and valuation of balance sheet items

Assets intended for long-term ownership or use have been classified as fixed assets. Assets relating to the trading cycle have been classified as current assets. Receivables are classified as current assets if they are recoverable within one year after the transaction date. Similar criteria apply to liabilities.

Current assets are valued at the lower of purchase cost and net realisable value. Short term liabilities are reflected in the balance sheet at nominal value on the establishment date.

Recognition and derecognition

Regular purchases and sales of financial assets are recognised on the transaction date and financial liabilities are recognised at the settlement date. On initial recognition of a financial asset or liability, it is measured at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss.

Financial assets are derecognised when the contractual rights to cash flows from the financial asset expire or when the company transfers the financial asset in a transaction where all or virtually all risk and opportunities for profit related to ownership of the asset are transferred. Financial liabilities are derecognised from the balance sheet when they have ceased to apply – in other words, when the obligation specified in the contract is fulfilled, cancelled or expired.

Classification

The company classifies financial instruments in the categories at fair value through profit and loss and at amortised cost. The classification depends on the purpose the instrument, and the company assesses the classification of financial instruments on their acquisition.

Financial instruments at amortised cost

The company's financial instruments at amortised cost primarily comprise borrowings and bank deposits as well as receivables and payables arising from regular operation.

Borrowings

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost using the effective interest method. Any differences between the proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the duration of the borrowings.

Loans to related parties

Loans to related parties are recognised initially at fair value, net of transaction costs incurred. Loans are subsequently stated at amortised cost using the effective interest method.

Cash and cash equivalents

Cash and cash equivalents are classified at amortised cost. They include cash in hand, bank deposits and other current highly liquid investments with original maturities of three months or less. Bank overdrafts are included in borrowings in the balance sheet under current liabilities.

Trade payables

Trade payables were assessed at amortised cost.

Impairment

Impairment of financial assets, primarily loans to group companies, is based on an expected credit loss model. The expected 12 month credit loss is regarded as immaterial

Trade payables

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities. Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Cash and Cash equivalents

Cash and cash equivalents are classified at amortised cost. In the statement of cash flows, cash and cash equivalents includes cash in hand and deposits held at call with banks.

Taxation

Income tax expense represents the current tax calculated on taxable profits for the year, any adjustments in respect of prior periods and the deferred tax charge or credit for the year.

The current tax is based on taxable profit for the year. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted by the reporting date.

Deferred tax

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax base used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax is calculated at the tax rates that have been enacted and that are expected to apply in the year when the liability is settled or the asset realised. Deferred tax is charged or credited to the income statement, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

Financial risk management**(i) Currency risk**

The Company operates domestically and is therefore exposed to a limited currency risk.

(ii) Interest rate risk on cash flows

The Company's interest rate risk arises from a long-term loan from a subsidiary. Borrowings issued at variable rates expose the company to cash flow interest rate risk. The interest on the loan is adjusted quarterly.

(iii) Credit risk

Credit risk arises from cash and cash equivalents and deposits with banks, as well as credit exposures to loans to related parties, including outstanding receivables and committed transactions. Management assesses the credit quality of the related parties, taking into account its financial position, past experience and other factors. Credit risk related to bank insolvency is closely monitored.

(iv) Liquidity risk

The Company's finance department monitors rolling forecasts of the company's liquidity requirements to ensure it has sufficient cash to meet operational needs, while maintaining sufficient headroom at all times so that the company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

	Borrowings
< 1 year	281 291
1 - 3 years	562 582
3 - 5 years	562 582
> 5 years	4 136 636
Expected cash flow	5 543 092
Book value	4 136 636

The carrying amount of cash and cash equivalents and bank overdrafts approximates fair value because these instruments have a short-term maturity date. Similarly, the carrying amount of accounts receivable and accounts payable approximates fair value as the impact of discounting is not significant.

Note 6 - Financial instruments

Financial assets represent contractual rights for the Company to receive cash or other financial assets in the future. Financial liabilities correspondingly represent contractual obligations for the Company to make future payments. Financial instruments are included in several accounting lines in the Company's balance sheet and income statement, and are classified in different categories in accordance with their accounting treatment.

The Company's financial instruments are measured at amortised cost. A categorisation of the Company's financial instruments is presented below.
