Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk for Edda Wind IX AS, org.nr. 928 339 319

Vi viser til deres henvendelse av 14. mars 2022 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk for Edda Wind IX AS.

Skattekontoret gir på bakgrunn av en konkret helhetsvurdering Edda Wind IX AS dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen gjelder så lenge opplysningene som danner grunnlaget for vedtaket ikke endres vesentlig.

Kopi av dette brevet må sendes til Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Den regnskapspliktige må selv dokumentere ved dette brev at tillatelse er gitt.

Bakgrunn

Edda Wind IX AS er eid av et norsk selskap. Selskapet er en del av et konsern som driver virksomhet innen internasjonal shippingvirksomhet. Selskapet benytter engelsk som arbeidsspråk, og det er ingen forhold rundt selskapets finansiering som skulle tilsi behov for regnskap på norsk.

Skattekontorets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen [...] være på norsk. Departementet kan ved [...] enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap mv., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon."

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til “informative regnskaper for ulike grupper av regnskapsbrukere”. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter skattekontorets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har skattekontoret lagt særlig vekt på at selskapet er eid av en profesjonell eier. Videre er det vektlagt at selskapet driver virksomhet i en internasjonal bransje der alle sentrale aktører behersker og benytter engelsk.

Vennligst oppgi vår referanse ved henvendelse i saken.

Notes to Financial Statements 2025

ACCOUNTING PRINCIPLES

The financial statement have been prepared in accordance with the Norwegian Accounting Act and generally accepted accounting principles for small entities. Edda Wind IX AS was established on 01.11.2021

Currency

The Financial Statements are presented in EUR. Monetary items (assets, liabilities and bank deposits) in foreign currency are converted at the exchange rate as on the balance sheet date. The exchange rate to Norwegian kroner for 2025 is set to 11,8159 for the balance sheet date and 11.7246 as an average for the year.

Classification and valuation of balance sheet items

Current assets and liabilities include items due for payment within one year from the date of acquisition. Other items are classified as fixed assets / long-term liabilities. Current assets are valued at lower of cost or fair value. Current liabilities are recorded at nominal value at the time it is incurred. Fixed assets are valued at cost and written down to fair value if impairment is not expected to be temporary. Long-term liabilities are recorded at nominal value at the time incurred.

Receivables

Receivables are recorded at nominal value less realised and expected losses. Provisions for doubtful debts are made on the basis of individual assessment of each receivable.

Operating revenue and expenses

Revenue from freight operations is recognised when earned, which would normally be in the line with the operation of the vessel. Expenses are recorded based on the matching principle, which means that expenses are included in the same period as the related revenues are recognised.

Income tax and deferred tax

Income tax expense relates to the accounting result and comprises current tax and changes in net deferred taxes. Deferred tax expense results from temporary differences between the accounting value of assets and liabilities and their value for tax purposes. The tax effect is offset against any income tax expense, and the net is recorded in the financial statements. Deferred tax is recorded as long-term liabilities. to the extent that deferred tax asset exceed deferred tax liabilities, deferred tax assets are recorded in accordance with accepted accounting principles.

Estimates

During the preparation of the financial statements and according to the generally accepted accounting principles the management has used estimates and assumptions that affect the profit and loss account and the valuation of assets and liabilities, and requires disclosure of information about liabilities that, as of the balance sheet date, are not yet certain

Group

The company is included in Edda Wind ASA's consolidated financial statements.

The consolidated financial statements can be obtained at the company's business office in Haugesund, or at Edda Wind's website, www.eddawind.com

Note 1 - Operating income

Vestri Enabler has operated under a time charters external customer during 2025. Edda Wind IX AS has recognised operating income of EUR 15,8 million. Vestri Enabler was hired on bareboat terms through the tax lease structure until 22 October 2025. Total bareboat hire in 2025 was EUR 2,0 million. From 22 October 2025, Vestri Enabler was leased on time charter terms from Puerto de Gilet SL. Total time charter hire in 2025 was EUR 1,9 million.

Note 2 - Tax lease structure

In 2022 the company entered into a construction contract with Astilleros Gondan for the delivery of a Commissioning Service Vessel (CSOV), which was delivered in 2024.

In connection with the shipbuilding contract, the Company and Astilleros Gondan have established a structure that qualifies for a Spanish tax regime (Spanish Tax Lease, or "STL"). The Spanish tax lease is a structure containing certain tax benefits in Spain, that also results in lower construction cost for the Company's vessel. Astilleros Gondan has engaged a Spanish bank, Banco de Sabadell to set up and manage the tax lease. The structure is established so that the Company sells its vessel to the Spanish tax lease structure at delivery. The Company will then lease the vessel back from the Spanish structure under a bareboat agreement. Upon maturity of the lease contract, the Company has a right and obligation to buy the shares of the Spanish AIE, which owns the vessel.

The AIE has to remain owner of the vessel over a certain period of years in order to maintain the benefits in the tax lease structure. The AIE gets tax depreciation on the vessel from the start of the construction. There are no opportunities for the external investors of the AIE to make any decisions for the AIE that has not been regulated in the contracts following the newbuilding contract and the tax lease contracts, and they are at the end of the lease contract period obliged to sell the shares to Edda Wind IX AS for EUR 1. All construction financing is made from Edda Wind IX AS to the shipyard, and prior to delivery of the vessel from the Shipyard, Edda Wind IX AS pays instalments directly to the shipyard equal to the net price of the vessel. Following the delivery, the vessel is sold to a leasing company within the STL structure at a consideration equal to the gross price of the vessel. The difference between the gross and net price is the STL benefit. In accordance with the lease agreements, all financing and cash payments in the Spanish lease structure in the leasing period are pre-arranged between the involved parties and based on the agreement, the consideration from the leasing company is paid to Edda Wind IX AS and immediately deposited to an account under the STL structure, less the STL benefit, which is re-routed to the Shipyard. Following the deposit, Edda Wind IX AS is released from making any other payment under the STL agreements. As such, the STL benefit is a pre-arranged flow-through of cash in Edda Wind IX AS originating from within the STL structure. The external post delivery financing of the vessel will remain in Edda Wind IX AS during the tax lease period.

Since Edda Wind IX AS has an obligation to sell the vessel to a leasing company within the STL structure, and purchase the shares of the AIE, the construction contract is treated as a forward contract and recognised equal to the consideration paid to the shipyard, less any government grants received in relation to the newbuilding contract.

Edda Wind IX AS exercised its right and purchased the shares in the Spanish AIE (converted into a limited liability company), Puerto de Gilet S.L., as owner of Vestri Enabler on 22 October 2025. The book value of the forward contract was converted to shares in Puerto de Gilet S.L. at the time Edda Wind IX AS bought the shares.

Transferred to shares	(48 424 411)	-
Total	-	50 746 793

Vestri Enabler was delivered from the yard on 11 November 2024. From this date the vessel was leased back from the AIE under a bareboat lease until the purchase of the shares in Puerto de Gilet SL on 22 October 2025, after which the vessel was leased from the spanish owner on a time charter agreement. The agreed bareboat rate has been booked as a reduction of the forward contract and as bareboat cost over the bareboat period.

All project expenses regarding the preparation of the Vessel and crew to the Company's time charter parties are expensed on an ongoing basis. Expenses in connection with construction follow-up and additional investments related to the Vessel are considered as an expense on leased property, and thereby capitalised and later depreciated over the bareboat rental period.

Puerto de Gilet SL	100 %	15 332 978	(1 179 579)	26 799 262

The Company owns shares in a spanish, vessel-owning subsidiary, Puerto de Gilet SL (Vestri Enabler). Impairment assessment on shares in subsidiaries is based on the underlying assets and operation in the subsidiary. The vessel owned by subsidiary operates on long-term contracts in the offshore wind market. Market value has been obtained from two independent brokers. Broker values show significant headroom. As such no impairment charge has been made to the Company's investments in subsidiary in 2025.

Note 9 - Financial debt

Pledged debt	-	35 100 194
Liabilities due more than 5 years after year-end	-	21 708 460

In February 2023, the Edda Wind Group entered into a green loan facility agreement for the pre- and post-delivery financing of three vessels under construction, including the pre- and post-delivery financing of the Company's vessel under construction. The loan drawn under this facility is with a floating interest rate. The main security established for the loan includes i.a. a pledge over the shares in the Company, an assignment of the construction contract and a vessel mortgage on the newbuilds once it is delivered from the yard.

Upon purchase of the shares in Puerto de Gilet SL, owner of Vestri Enabler, the loan balance of EUR 33,1 million was transferred to Puerto de Gilet SL following a capital reduction in the Spanish subsidiary. As such, the investment in Puerto de Gilet SL was reduced from EUR 48,4 million to EUR 15,3 million.

Following the loan transfer, the remaining amortised loan expenses were booked as cost.

To the General Meeting in Edda Wind IX AS

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Edda Wind IX AS (the Company), which comprise the balance sheet as at 31 December 2025, the revenue statement for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2025 and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the requirements of the relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (the IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management for the financial statements

The Board of Directors and the General Manager (Management) are responsible for the preparation of financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Shape the future
with confidence**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
